Say Hello to: January's New Shells

MB1151 **ALEXANDRA** CLASSIC

Alexandra is all class, with a little hint of a walk on the wild side. Think Audrey Hepburn in "Breakfast at Tiffany's". Brown leopard print will add a bit of bite to any outfit and the look is both luxurious and sophisticated: the perfect complement to your favorite outfit! Indulge your animal instincts by adding red handles for an unexpected punch of color. Rawrrrr!

MB1152 **SAMANTHA** CLASSIC

Flirty and fun, Samantha is the perfect Shell to chase away those winter blues! Hot bubble gum pink is the color of the day and the patent faux leather texture material is retro yet totally now. Samantha is all about Valentines, sweethearts and indulging your flirtatious side whenever the mood strikes you. If you prefer a smaller version, be sure to check out Samantha's coordinating Mini, Sam.

MB7537 **IRIS** PREMIUM

Asymmetrical design and a retro feel are what make Iris stand out from the crowd. Its two-toned shades of shimmering silver combined with perfectly-placed stud details give this Shell a mod, yet contemporary feel. Perfect the look by pairing Iris with black chain handles, and your handbag will have style a-go-go!

MB7538 **PHOEBE** PREMIUM

Imagine a bowl of burgundy-toned boysenberries sprinkled with sparkling gold dust and you can see the rich color palette that makes Phoebe a true original. With its luxurious suede-like feel and fashion-forward abstract animal print, this shell makes a statement wherever it goes. Slip a bronze soft wallet into its convenient front zipper pocket and you're ready to take on the new year with style.

MB5114 **ALEX** PREMIUM

Like its classic-sized counterpart Alexandra, Alex is the perfect Shell for taking a walk on the wild side while still looking elegant and sophisticated. Trend-setting brown leopard print adds bite to any outfit and the Mini makes Alex a must-have accessory to go along with your little black dress. It's a classic design that will give you years of purr-fect pleasure and never go out of style!

MB5115 **LIZ** PREMIUM

If you love Elizabeth, you're going to be sweet on her Mini counterpart, Liz. Light taupe in color with a classic Asian-inspired black appliqué floral print and velvety texture. Liz is perfect for when you're feeling feminine, elegant and sophisticated. Pair Liz with long straps and you're ready for a night on the town!

MB5115 **SAM** PREMIUM

There's no better time to "Think Pink" than when it's cold and gray outside. Sam's bubble gum patent texture faux leather material and whimsical feel is the perfect antidote to those winter blahs, and it looks great all year long — whenever you're feeling fun and flirty! Sam's simple lines let its chic pattern shine through. If you need a little more space, check out its coordinating classic-size counterpart, Samantha.
